OUTLINES.

The government cotton crop report shows condition on June 25 to have been 81.2, compared with 72 same day last year and 81.8 for the ten year average for the same date——Commander Robert E. Peary starts on his trip to the North Pole. His steamer, the Roosevelt, leaves New York today and he will join her in Nova Scotia ——The fiscal year ending June 30 has not been a satisfactory one for the federal treasury department. A heavy deficit for July is expected——Walter E. Bartlett, a prominent railroad and bank man at San Francisco, is sentenced to the penitentiary for embezzlement——The Bryan men at Denver have no fear as to the outcome of the convention. They think Gray or Johnson will accept second place, but the campaign managers of those two gentlemen say they are candidates for first place and will not accept the Vice Presidency——Immediately upon the completion of the temporary organization of the Denver convention Judge Parker will introduce a set of resolutions regarding Grover Cleveland and calling for taking a recess in respect to his memory until the next day——Federal Judge Waddill, of Norfolk, yesterday appointed receivers for the Norfolk and Southern Railroad at the solicitation of the trust company which floated the Railroad company's bonds——Mr. Taft stated yesterday, after a long conference with Mr. Vorys, that the man for Republican national chairman had not been settled upon——General Wright yesterday took the oath of office as Secretary of War——Charles Towne, an avowed candidate for the office of Vice President and a personal friend of Mr. Bryan, paid the latter a visit at his home yesterday afternoon. Mr. Towne said his candidacy and the platform had been the main objects of conversation——There was a rumor yesterday that Frank B. Kellog would be the Republican national committeeman, but this was proven to be unfounded——Judge Gray says he will in no circumstances be a candidate for the Vice Presidency——New York markets: Money on call 1 1-4 to 1 3-4 per cent., ruling rate 1 1-2, closing bid 1 1-4, offered 1 1-2, time loans quiet and easier. Flour firmer and fairly active. Wheat firm No. 2 red 97 to 98 elevator, options 1 1-4 to 1 3-8 net higher. Corn firm No. 2 97 nominal elevator. Oats steady, mixed 54 to 55. Rosin firm. Turpentine quiet. Spot cotton quiet, middling uplands 11.50, middling gulf 11.75.

Stand by your party whether the man of your choice was nominated or not.

What percentage of the voters of any party reads the platform on which his candidates stand for election?

The Democratic National convention meets next Tuesday. The chief interest will centre in the question of platform.

Judges and lawyers are often abused for the miscarriage of justice, but is it not as often the fault of jurors as of the others?

The News and Observer figures it out that Mr. Bryan has 681 votes pledged to him, while it requires only 672 to nominate.

What difference does the platform make? How many voters will scratch a candidate's name because of the platform on which he is running?

Why should North Carolina Democrats rail so against the third term idea when the principle is so completely ignored in their own State convention.

The Durham Herald says there was some log-rolling going on in Charlotte last Sunday—as if Democratic politicians would stoop to such conduct.

The Democratic ticket with Gray or Johnson either on it with Bryan would be a hybrid affair. Tom Watson as tail-ender would be more in harmony with the head.

Mr. Bickett came nearer being a dark horse than any of the men nominated at Charlotte. If the nomination took him by surprise he got over that surprise amazingly quick.

Today week the Republican State Committee meets in Greensboro for the purpose of naming the time and place for holding the convention to nominate a State ticket.

The full vote of the Democratic National convention has been in correctly stated to be 1,002, making the number necessary to nominate 668. The full vote is 1,008, and the two-third vote required to make a nomination is 672.

Judge Pritchard will hardly give up his life term of a Federal Court judgeship for the uncertainty of the nomination of his party for Governor. He would be foolish to do so unless he was sure of another Federal appointment as good as the one he would give up.

ENGINEER IS KILLED

Was Peeping Through Young Lady's Window and Was Shot By Brother.

NEAR RALEIGH ROUNDHOUSE

Man Preparing to Leave on His Run. Asheville and Carolina Railroad Company Chartered—National Guard Commission.

(By Associated Press.)

Raleigh, N. C., July 1.—Engineer B. M. Stultz, of the Seaboard Air Line, whose wife and eight children live at Roanoke, Va., died here at 3:30 this morning as the result of a pistol shot wound in his left leg which severed an artery, the man bleeding to death.

He had prepared to take out his engine, had on his overalls and within twenty minutes of leaving the train order room, staggered back, fell to the floor and died, refusing to tell how he was shot or by whom.

Turner Smith, a 19-year-old boy, living in two blocks of the station and for some time a fireman on the railroad yards here was arrested for the killing. The coroner's jury heard the case tonight and the testimony is that some man had about 11 o'clock at night peeped through the blinds at Smith's seventeen-year-old sister undressing. The girl awoke her brother, and about one o'clock the man came again through a side gate to the window and young Smith shot three times through the glass. The man fled and the boy watched. At 2 o'clock the side gate opened and Smith shot again at the man who fled. In a few moments after Stultz was dying in the train room a pistol was found in his overalls' pocket.

The mother, girl and son say that they never knew Stultz. The coroner's jury have held up the case till 11 o'clock tomorrow for more testimony.

About two years ago Stultz was tried in Monroe, N. C., for putting his hand through a window on a woman sleeping by her husband's side, and was fined $350 for this. He was about forty years old. The fatal wounds are in the lower abdomen and the groins.

Turner Smith is about 25 years old and lives about two squares from Johnston street station and the Seaboard roundhouse with his mother and three sisters. The sisters work in Martin's cotton mill not far way.

The body of the engineer will be shipped tomorrow morning to Roanoke, Va., to his family for interment. Turner Smith is still in the city prison awaiting an investigation of the case by the coroner and his jury.

Principally Smith's mother and sisters testified of rattling of window blinds this morning and their brother's firing at the form of a fleeing man. They testified they had never seen Engineer Stultz to know him. Jury took recess until 11 o'clock tomorrow to examine additional witnesses.

The Asheville and Carolina Railroad Company, with principal office in Asheville, is chartered by the State with authority to construct and operate a railroad from Asheville to the South Carolina line, a distance estimated at 35 miles. The capital is $200,000 and the incorporators are C. F. White, J. W. Brunson,, Jr., F. H. Allison, Asheville, and P. F. Patton L. W. Walker J. F. Rowland, of Hendersonville, by which town the road is to run.

Adjutant General T. R. Robertson of the North Carolina National Guard issues a commission to Gordon Smith, of Raleigh, as battalion adjutant for the Third infantry.

A petition in involuntary bankruptcy is filed against the Jonesboro Sash and Blind Company, of Jonesboro, A. C Holloway, and W. H. Hoyle counsel for petitioning ereditors. About $10,000 is involved.

STATE BAR ASSOCIATION

Seventy-five, Including Four Members of Supreme Court, Attending. Day's Programme Very Interesting—New Members.

(Special Star Telegram.)

Morehead City, N. C., July 1.—The session of the North Carolina Bar Association, held in the ball room of the Atlantic Hotel today, was attended by about seventy-five members. Chief Justice Walter Clark arrived and brought the number of the Supreme Court present up to four, only Justice Hoke being absent.

President Chas. A. Moore, of Asheville made his annual address, this being a discussion and a defence of the United States Supreme Court decisions in the railway rate case. He declared that as time passed, both lawyers and people could see the absolute justice of the decisions and the propriety of the railways taking cases to the Federal courts, and of the latter in hearing it.

Theodore F. Davidson, of Asheville, and Colonel Alfred M. Waddell, of Wilmington, were slated to speak today, upon their recollections of the bar of western and eastern North Carolina, but neither could be present and Justice Henry G. Connor, by special request, spoke for General Davidson. His address was a very able plea for a greater love for country and constitution, and he insisted that the teaching particularly of young men, of these great basic principles was vitally important, and that it ought to be the special duty of every lawyer to speak every word to deepen the love and reverence for our government.

The following new members were admitted: Harry McMullan, Junius D. Grimes, Collin H. Harding, H. C. Carter, Washington; J. H. McMullan, Jr., Edenton; A. S. Williams, Jos. W. Little, Wilmington; P. W. McMullan, Hertford; Benneft H. Perry, Henderson; Walter Jones, Swann Quarter; L. H. Allred, Selma; F. H. Calvert, Raleigh.

A resolution introduced by R. C. Strudwick, of Greensboro, was adopted, desiring a new and modern digest of the Supreme Court opinions, and a committee was appointed to confer with that court about the matter. The committee will also look into unreasonable delays by the public printer in publishing the laws and Supreme Court reports, such delays being declared to be much greater than in any other Southern State.

This evening Associate Justice Thos. Woods. of the South Carolina Supreme Court delivered an address at the request of the Association through its secretary, by direction of the Executive Committee. Another address on "Wit and Humor of the North Carolina Bench and Bar" was delivered by ex-Attorney General Zeb Vance Walser, of Lexington.

DEVELOPMENT OF A PORT

Large Shipping Interests of Hammer Lumber Co. at Little River.

A fine showing, in view of the depressed condition of the lumber trade has been made by the Hammer Lumber Company, of this city, who operate mills at Little River, S. C., and at various points in this State. All the mills of this company have been running on full time since March 1st and through an efficient sales office in Philadelphia all of their cut has been placed in northern lumber markets.

To date this company has cleared five large schooners from this port and one direct from the mill at Little River Inlet. The latter was the three masted schooner "Edward R. Baird, Jr," Captain George Bennett, of Seaford, Delaware, 279 tons. The Company's tug "Fawn" in command of Captain J. T. Jacobs, of this city, towed the Baird light from this port to the mill at Little River Inlet two weeks ago. Last Sunday the loaded schooner drawing 9 feet 6 inches and carrying a cargo of lumber for New York parties valued at $8,000.00 was towed out to sea by the same tug. The loading and sailing of the schooner was quite an event for the locality as it is the largest vessel ever to enter there; in fact the only large vessel to clear from that port since the days of the old coasting clippers and blockade runners.

The sailing was doubly interesting in that it proved that this inlet is quite navigable for medium sized vessels. A very fertile country is tributary to this estuary and it is hoped that the sailing of the Baird will be a large factor in securing help from the government to deepen the bar at Little River Inlet and render it safe for even larger vessels than the Baird.

Nearly 500,000 Bales Cotton.

The weekly stock report posted yesterday at the Chamber of Commerce shows that the port of Wilmington has almost attained the record of half a million bales of cotton for the present crop year, the exact figures with two months yet to come being 499,576 bales against only 319,009 up to the same date last season. Receipts for the past month were 10,232 bales against only 810 bales in June last year. Naval stores receipts for the month show increases in rosin and crude turpentine, but a deficit in receipts of spirits and tar. Crop year receipts to date, however, are ahead on all items except tar.

NOT GUILTY BY JURY

Jesse Riggins and E. T. Cook Acquitted of Charge of Murder Yesterday.

STRICTURES UPON VERDICT

Judge Peebles Said It Was Travesty on Justice and Disgrace to New Hanover—Clemmons on Trial For Assault.

Upon the convening of Superior Court yesterday morning at 9 o'clock the jury which had been out all night and a part of the afternoon before, deliberating upon the case of Jesse Riggins and E. T. Cook, the young white men of Delgado, charged with being implicated in the killing of Banks Rothwell, an old colored man on the Carolina Beach road last September, brought in a verdict of not guilty and the prisoners were discharged.

Judge Peebles, presiding, created something of a sensation upon delivery of the verdict by laying some rather severe strictures on the finding declaring the acquittal of the prisoners was a travesty on justice and a disgrace to New Hanover county. The jury was instructed to file tickets and be discharged. The verdict of acquittal came rather in the nature of a surprise, though hardly anyone expected a verdict of murder in the first degree. The prisoners were represented by Walter P. Gafford, Esq., of the firm of Gafford & Gafford, who conducted a magnificent defense of his clients and received the congratulations of court attendants upon the verdict. Cook and Riggins have been in jail since last September and it is surmised that this long confinement was taken into account by members of the jury in reaching their verdict. Soon after they were acquitted the young men shook hands cordially with their counsel and friends in the court room, leaving for their homes at Delgado where both are employed in the cotton mill. The jury which tried the case was composed of Messrs. R. A. Kingsbury, W. B. Munroe, John W. Batson, E. M. Cheek, James A. Price, W. W. King, Jr., D. S. Reville Andrew Blair, V. M. Gilbert, W. A. Thomas, Nicholas Morris, and J. C. McCartney.

All day yesterday the court was engaged in the selection of a jury and the beginning of the trial of Timothy Clemmons, a middle-aged white man of family from Delgado, charged with a criminal assault upon Katie Warren, a 13-year-old white girl of the village, whom the defendant is alleged to have enticed into the woods after dark under the pretense the he could remove warts from her hands with an incantation, taking base advantage of her and threatening the child with the wiles of a conjuror if she breathed his conduct to anyone. Nearly a week later, it is alleged that Clemmons sent his own daughter to the child again inviting her to his house, whereupon she became terrified and after the earnest solicitation of those with whom she was living, she told the story of the man's treatment of her.

Judge Peebles under the recent statute excluded all from the court room, except officers, the attorneys and one witness, the latter being called in singly. For the defense are appearing L. Clayton Grant and Jos. W. Little, Esqs., and for the State Solicitor Rodolph Duffy, who was assisted in the selection of a jury by County Attorney Marsden Bellamy. The jury was completed from the special venire of 150 men and the regular panel at 12:30 o'clock and is composed as follows: Messrs. W. R. Dosher, E. S. Hancock, Louis Tyndall, D. J. Prease, J. A. Hines, J. G. Kuhlken, M. F. H. Gouverneur, H. J. Gerken, Jas. Kerr, J. F. Head, L. W. Moore and Jas. H. Cowan.

Clemmons sat in the court room with his attorneys and appeared little concerned with what was going on about him. The girl, Katie Warren, was first introduced and in child-like fashion told of the circumstances of the case, being shaken little, if any at all, by the cross-examination. She was followed on the stand by Mrs. Lulla Kinnett, of Delgado, with whom the child lived, and by Dr. C. D. Bell, who attended the child. Mrs. Sallie Brown, a witness for the State in the case, was too unwell to appear in court and George L. Peschau, Esq. was appointed a commissioner by the court to take her deposition yesterday afternoon at 4 o'clock and return same this morning.

Juror W. P. Woodcock was called out during the day and failing of appearance a fine of $40 was entered against him. Court at 3 P. M. took a recess until 9 A. M. today, the jury being kept together until they are ready with a verdict under the usual instructions. Yesterday afternoon for a little relaxation, they were taken to Wrightsville Beach for a breath of air, the atmosphere in the court room being oppressive.

—The Chief of Police gives notice that the fireworks ordinance will be suspended for the Fourth of July but this does not mean that firearms will be allowed discharged within the corporate limits. There have been complaints of infractions in this respect and the police have been instructed to keep a close look-out.

NAVIGATION AND PILOTAGE

Regular Monthly Meeting of Board of Commissioners Held Yesterday. Report of Soundings by Pilots Designated for Purpose.

The regular monthly meeting of the Board of Commissioners of Navigation and Pilotage was held yesterday with the following present: Commissioners J. W. Harper, M. C. Guthrie and Richard Dosher, and L. Brown McKoy, clerk.

In the absence of Chairman James Sprunt and Vice Chairman C. W. Worth, Commissioner Guthrie was elected temporary chairman and presided over the meeting.

The report of the Soundings Committee for the month of June was read, and, after some discussion, was accepted. The figures shown in the report differed somewhat from the findings of previous Sounding Committees, but the Board thought it possible that this discrepancy was caused by differences in the tide. The clerk was requested, however, to instruct all such committees appointed in future to state, if practicable, the rise of the tide on the day that the soundings are taken.

The report of the June soundings was as follows, the figures showing the depth, in feet, at high water:

	Greatest.	Least.
From Bar to Buoy No. 1	30	26
From Buoy No. 1 to Buoy No. 3	32	28 1-2
From Buoy No. 3 to Buoy No. 2	32	30
From Buoy No. 2 to Buoy No. 4	32	28 1-2
From Buoy No. 4 to Buoy No. 4 1-2	33	30

Pilot E. A. Grissom, who was one of the six pilots appointed on the above committee, was excused on account of sickness, and the clerk was instructed to relieve him of all such duty in future.

Pilot J. F. Arnold was also excused from serving on the June Soundings Committee, and was granted a sixty days leave of absence from July 1, 1908.

Pilot J. S. Sellers was given a sixty days leave of absence dating from July 1st, and was permitted to make an engagement to run regularly on the steamer "Madeline."

The clerk reported that he had on July 1st renewed the license of Pilot J. L. Daniels, the bond, fee, etc., being in order.

Complaint was made to the Board that wharves and property along the river front are being injured by sharp pointed gigs which are used in propelling flats or scows, and the clerk was instructed to bring this matter to the attention of the Harbor Master and insist upon a rigid enforcement of Rule No. 22 on page No. 10 of the Port and Harbor Regulations which prohibits the use of such gigs.

CLAIMS HE WAS ROBBED

Bolton Farmer Called On Police For Help—His Partner.

After spending over half the day in search of his partner, Louis W. Kurkile, a farmer, who lives near Bolton on the Atlantic Coast Line, wandered into the City Hall yesterday afternoon and asked for money enough to carry him home, offering a watch in his possession as security.

Kurkile stated to the police that this was the first time he had ever been to the city and that he had been robbed, having no way to get home. The circumstances in the case are that Kirkile reached the city Tuesday night with a man by the name of Edwards, and at that time had some sixteen dollars with him, which was afterwards stolen. He alleges that he and his partner went to a boarding house and when he awoke yesterday morning, the latter had left his watch and had gone away with the money and satchel belonging to him. He left word that he was going down on Market street and would be back shortly. but Kurkile became uneasy and went in search. He looked around and waited all day for him and his whereabouts being unknown Kurkile asked the police to keep the watch which belongs to Edwards and lend him enough money to get back home. This arrangement was made. Besides being minus the money he was also unable to obtain his coat which was in the satchel carried away by Edwards.

CLOSED ON EXECUTION

E. S. Piver & Co., Roofing Establishment, on Second Street.

On an execution issued from the office of Justice Bornemann yesterday afternoon the roofing establishment of E. S. Piver & Co., on Second, between Market and Princess streets, was closed to await judgment of the plaintiff.

E. L. Parker & Co., in two civil actions asked for judgment to the amount of $361, claiming that this amount was due for supplies. Judgment was rendered in their favor and the plaintiff refusing to wait for the money, asked for the execution. The firm closed is said to be one of the largest of its kind in the city and the fact that their business has been temporarily discontinued came as a surprise. Besides closing the business attachment was also taken on roofing material owned by the company in various parts of the city. It is believed that the company will manage to pay off the debts before the time arrives for the sale of the business.

Kinston, N. C., July 1.—In something of a slugging match Wilmington won the game from Kinston this afternoon twice; score 10 to 8. The Sailors scored one earned run in the second and another in the third, piling up five others in the fourth with still another in the fifth, but Kinston in the third and fifth began clearing the decks for a tie in the ninth by piling up three runs in each, Ryan in the last half of the ninth with two strikes on him and one man on base, lifting one over the fence.

Brooks in the box for the locals was relieved during the progress of Wilmington's merry-go-round in the fourth by Wooten and Sexton was rung in to succeed Wooten in the tenth, but it was all to no avail. The Sailors introduced a new twirler in the person of Blackburn and a catcher in the person of Edgar, but Blackburn had to be relieved by Bussey in the fifth to head off the Kinstonians. Wilmington won in the first half of the twelfth when Flynn was safe on an error, Hoey bunted safely and both were brought home on a single to left field by Doak. The game was a long and hotly contested one and gives Wilmington two of the series of three on the local grounds.

The Game in Detail.

First Inning—Flynn flew out to right; Hoey made scratch hit to third; Smith out, short to first, Hoey going to second; Doak out, third to first. Kinston: Sullivan out, short to first; Ryan swatted the ball to left field fence but quick fielding cut him off with one base; Ryan steals second; Dunn out, second to first, Ryan advancing to third, but C. Fox was out, short to first.

Second Inning—Rath bunts safely; Edgar sacrifices; Carneal fanned but Jayes made a long single to left and Rath scores; Blackburn retired the side, short to first. Kinston: McCorey drew a pass and Young sacrifices; Wooten flew out to left and Buck out, short to first.

Third Inning—Flynn drew a pass and stole second; Hoey made a nice long single to centre and the Irishman trotted across the rubber; Hoey, however, was caught at second; Smith flew out to second; Doak hit for two bases but Rath went down at first unassisted. Kinston: Brooks pasted one to right field fence but could get only one base; Sullivan and Ryan fanned and Brooks was caught off first with Dunn at bat.

Fourth Inning—It was in this good inning that Wilmington started the fireworks and five runs were chalked up before the hose was turned on. Edgar, first up, flew out to centre; Carneal singled to right; Jayes up and Carneal stole second; Jayes was out short to first. Two men down and Blackburn, the new pitcher, hit to third and was safe on error or ball too hot to handle, Carneal going to third; Flynn singled and Carneal and Blackburn scored; Hoey hit safely to left and Flynn went to second; Smith cracked out a nice one to left, advancing Flynn and Hoey a base; Doak next up, hit a nice one to left again and Flynn and Hoey scored, leaving Smith on third. (Wooten relieves Brooks, who was up in the air, Brooks going to centre.) Rath up and Smith scores on bad throw to first in an effort to catch Doak, who got to second; Rath bunted safely but Doak was caught trying to make third. Five runs after two men were down. Kinston; Dunn singles over second; C. Fox hits safely, advancing Dunn to third; McCorey hit to second and on the error Dunn scores, Fox goes to third and McCorey to second; Young hits safely and Fox scored, McCorey going to third; Wooten up and Young steals second; Wooten hit over pitcher's head but was out at first, McCorey scoring in the meantime and Young going to third; Buck went out pitcher to first and Blackburn pulled himself out of the hole by fanning Brooks.

Fifth Inning—Edgar out, third to first; Carneal singled over second; Jayes out, pitcher to first, Carneal ad-

LET'S HAVE NO SECTIONALISM.

"But didn't the East take advantage of its grip on the throat of the West! Out of all the State offices, beyond mountain section was given one little old office—Commissioner of Labor and Printing—that hardly pays board and clothes. Everything else was made to stop short of the blue hills of the good old State. The East has apparently long since forgotten its Macedonian cry to the West. It had better guard itself that it will have no need to make another, for the mountain folks, if they hear it, will have too many other things to look after to respond. The West must take its medicine but begin to study politics and learn how to drive political bargains. Its act in saving the East from the "nigger" was worth big boot, but it never demanded any, and doubtless would have got none if it had asked for it."—Charlotte Chronicle.

We are sorry to find utterance given to such sentiments in the columns of one of the soundest and best edited newspapers in the State. We regret to see what appears to be an effort—we hope we are in error in supposing it to be such—to array the Democrats of one section of the State against those of another. There should be no East and no West when the representatives of the party meet in State convention to take council for the good of the party. It is true that in years past the Democracy of the West did come to the aid of the East. But in more recent years the East has become the stronghold of Democracy. The West is where Republicanism is making its greatest strides. In the near future that section will want the aid of the East in keeping the State in the hands of the Democrats. The next call for aid will be from the Democrats of the West to those of the East. The East has solved its political problem. It is solidly Democratic. The West cannot make the same claim. So much for the charge by the Chronicle of ingratitude on the part of the East. We regret the necessity for referring to this matter for we do not like, by so doing to emphasize the fact that there is this feeling between the two sections and we still more regret that a paper of such standing and influence as the Chronicle should draw the lines and necessitate our making answer in this manner. We hope that there will be no drawing of geographical lines during this campaign; that the only thought will be that we are all Democrats and citizens of the great State of North Carolina, knowing no sectional divisions—all bound together in one party for the success of that party and the consequent good of the State.

THE MUFFLED DRUM.

Here is the way the Charlotte Chronicle editorially sums up the work of the late Democratic State Convention:

"The old soldiers have had their last chance to elect a veteran from their ranks to the Governorship. As they have fought their last battle against an armed force, so have they fought their last battle against the politician—their last battle against him for a Governor. The old soldier may be depended upon to be heard from when the material interests of the State demand his attention, but as to making another plea to the politician to give them a Governor, they will not do it. They have been given a good, big, rough pile of stones, and they have more stones on their farms now than they want. They have had enough of ingratitude. Carr, Stedman, Horne. Taps!"

The convention in Charlotte last week is probably the last of the Democratic party in this State at which an old Confederate soldier will ask his party to reward his services to the South and to his State by giving him a nomination to an office. The opportunity will not occur again for four years. The surviving veterans are growing old. In the next four years many of those now living will have passed to "that land from whose bourne no traveler returns." At the next State convention there will be few, indeed, among the delegates of the men who willingly sacrificed their all for their Southland and their State and still fewer who are not disqualified by age and infirmities to perform the duties of State officials. So it may be said that at the convention in Charlotte was the last time the people of North Carolina would have an opportunity to honor by nominating to office any of the old sliders who followed Lee and Jackson, and still that body of North Carolina representatives ignored, spurned the appeal of the friends of every old soldier who asked nomination at its hands—and these old veterans will be classed as traitors to their State by the younger Democracy if they do not go to the polls on election day and endorse this systematic ignoring of them as citizens of the State worthy of trust in public office.

WORK FOR THE NOMINEES.

The next thing for the Democrats of North Carolina is t oget together and work for a record breaking majority for Mr. Kitchin and the other nominees of the party. There were contestants for nearly every office, and, of course, in these instances there were men who were disappointed—both candidates and their friends. But all must bear in mind that the interests of no man seeking office are as great as those of the State and the party. We feel sure that none of the men who asked nomination from the Democratic State convention and failed to secure it will for that reason be less lukewarm in their support of the ticket. They are not of that kind. But still, the Republicans will try to make capital out of the earnestness of the fight which was made before the convention by some of the candidates for nominations and their friends. They should not be allowed to succeed in doing so. Because of the apparent bitterness which existed the Democrats should take all the more pains to show they are united now that the ticket has been nominated and especially should those newspapers of the State which were unsuccessful in having the men of their choice nominated, be outspoken in advocacy of the ticket and labor for its success. Several of the nominations were not such as the Star desired, but this paper accepts them, bows to the will of the party and pledges to do all it can to roll up a big majority for the men its party has chosen. To sulk because of disappointment in such matter would be a new role for the Star to play and one which it is not ready to take up. This paper will be as earnest in support of the ticket as if every man of its choice had been nominated.

"Shippers in Charlotte may be interested to know that the following advice has been received at the office of the Greater Charlotte Club, relative to fruit juices:

"After the first of July the classification of fruit juices will be as follows:

"In glass, earthenware or tin cans, packed LCL, second class.

"In wood LCL., third class.

"In glass, earthen ware or tin cans, packed or in wood, CL., fifth class."—Charlotte Observer.

We suppose this new classification of freight rates on "fruit juices" will be given all the cities in the State after January 1st next.

If we at all understand North Carolina politics the nomination of Mr. Kitchin means that the Fifth District Ring whipped out the Raleigh Ring, and some members of the latter close political corporation now fear that their days of ascendency in the party are numbered—in fact limited to the time of their present term of office.

Let's have a National Democratic ticket that is harmonious in all its parts. If the party is to be nominated by Bryan let it declare for Bryanism in its platform and give the head of the ticket the selection of the man to be placed on it with him. If it's to be Bryanism, then go the whole hog and let the contest be based on that issue.

The country will be surprised to know Mr. Cleveland died comparatively a poor man. His enemies in Democratic party have tried to make it appear that he made an immense fortune out of his three candidacies and two elections, but it was not the truth. He was too honest to take advantage of his position to reap personal advantage from it.

CURRENT COMMENT.

—It has been demonstrated here within the past few days that the action of a State convention is as uncertain as the verdict of a jury. The same convention which at the outset howled down a resolution of endorsment of Mr. Bryan, adopted it on the round-up by a substantial majority.—Charlotte Observer.

—The name of "Benjamin" seemed to be the favorite one for winning candidates at Charlotte, inasmuch as Benjamin Lacy, Benjamin Dixon and Benjamin Aycock were nominated. It may be that the fact that the name lends itself to the monosyllable "Ben" gave it popularity. If any was called "Benjamin," that long name might have defeated him. But short "Ben," is taking when a convention has been in session for a week.—News and Observer.

—Charlotte did the handsome thing for the convention. It is well termed the "city of electrical energy." Her growth is phenomenal, and her cordiality unbounded. The city was in gay attire, and full of activity. At night the streets and buildings were illuminated with artistically arranged electric lights, and presented a scene of fascinating beauty. The arrangements of the lights on all ends was a revelation of artistic taste. Shake, Charlotte. You did the thing beautifully.—Durham Sun.

—The course of events in the late State convention has strengthened the hands of those who have been advocating State primaries on the same day. The Asheville Citizen observes: "The primaries being ostensibly instituted to find an expression of the people's will, need no convention to find a candidate. If majority rule stands for anything it should not run the risk of being tampered with by expert politicians or scheming ward heelers, two elements which were material factors in the nomination of W. W. Kitchin. If primaries are to be, they should be held on the same day throughout the State; they should embrace the entire State ticket and their verdicts should be final." The fag end of the convention, itself, after more or less squabbling, recommended a simultaneous primary in the State. The feeling is general among Democrats that the safety of the party demands some sort of a change from the present system and it is safe to say that a change is coming.—Charlotte Chronicle.

—The Democrats of North Carolina after the longest and most turbulent convention ever held in the State, nominated Hon. William W. Kitchin, member of Congress from the Fifth District, to be their candidate for Governor. The nomination is equivalent to an election. Gov. Kitchin will be elected in November and inaugurated in January. He has the ability to be an admirable chief executive of the Tar Heel State, although he will not make a better Governor than Mr. Craig, whom this paper supported on the ground of his eminent fitness as well as because he has done as much for the party as any man in North Carolina without having received for his services to the party any really adequate reward. Mr. Kitchin, however, is the choice of his party as expressed by the party's delegates in the Charlotte convention, and The Times will give Mr. Kitchin the most cordial and constant support of which its columns are capable.—Raleigh Times.

—Although the Dick National Militia law provided for a more efficient arming and equipping of the militia of the States, it left a good deal unsettled as to the status of the militia in its relations to the Federal Governmen. It is true the President was given the power to prescribe rules for the training of the militia, and was also empowered to call the State troops into service to repel invasion or other purposes in time of war for a period of nine months, but no steps were taken to determine just what part the National Guard was to play in the event of a general mobilization on a war footing. The last Congress expanded the Dick bill so as to make it possible for the National Guard to be retained in service of the Federal Government on the call of the President for the term of its State enlistment, and it was also practically provided that the State troops should form an integral part of the National military establishment for war purposes. Of course, the status of the militia as State troops has been in no wise changed. They remain, as heretofore, State troops pure and simple, organized for the purpose of upholding the law and maintaining good order within their respective States. The organization of the militia is entirely under the control of the States, and the support of the force other than arming and equipping must be provided for by State funds.—New Orleans Picayune.

TWINKLINGS.

—"Pa, is it better to be born lucky or rich?" "I don't know. I've never been either."—Detroit Free Press.

—Muggins—Mrs. Wigwag is a great church worker, isn't she? Buggins—You bet she is. She worked me for $10 worth of tickets for a strawberry festival.—Philadelphia Record.

—"Man was made to mourn," quoted the moralizer. "You bet he was," replied the demoralizer. "If mourning wasn't compulsory he wouldn't do it."—Chicago News.

—"Heroes do some queer stunts." "How's that?" "This book says 'He wiped his perspiring brow on the porch and rang the bell.'"—Houston Post.

—Vanilla Beane—How odd! That solid gold ring of vours makes a black mark around your finger. Hazel Nutt—The ring didn't make that mark! That—that's dirt!

—"And who carried off the honors at the graduating exercises?" "Geraldine, easily. She had a portable stove brought in, and cooked a steak in full view of the audience."—Louisville Courier-Journal.

—"Do you think there is any money in politics?" queried the privileged friend. "You bet there is," replied the candidate who also ran. "There's where a lot of mine is."—Chicago News.

—Towne—It takes you a pretty long while to shave yourself, doesn't it? Browne—Not very; I can shave myself quicker than my barber could. Towne—I don't believe it, Browne—It's a fact; you see, he stammers terribly.—Philadelphia Press.

—"But, Li," protested the pretty mission teacher, "what is your reason for not coming to Sunday school any more?" "'Flaid," grinned the Chinese pupil. "Afraid? But what are you afraid of?" "This leap year."—Cleveland Leader.

This woman says that after months of suffering Lydia E. Pinkham's Vegetable Compound made her as well as ever.

Maude E. Forgie, of Leesburg, Va., writes to Mrs. Pinkham:

"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. For months I suffered from feminine ills so that I thought I could not live. I wrote you, and after taking Lydia E. Pinkham's Vegetable Compound, and using the treatment you prescribed I felt like a new woman. I am now strong, and well as ever, and thank you for the good you have done me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

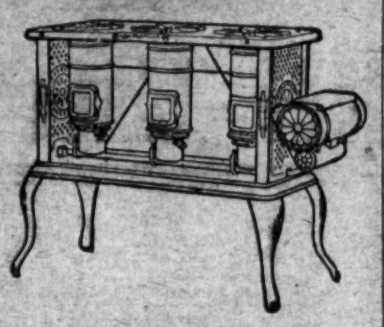
Put This Stove in Your Kitchen



It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days. The

NEW PERFECTION
Wick Blue Flame Oil Cook-Stove

is so constructed that it cannot add perceptibly to the heat of a room; the flame being directed up a retaining chimney to the stove top where it is needed for cooking. You can see that a stove sending out heat in but *one* direction would be preferable on a hot day to a stove radiating heat in *all* directions. The "New Perfection" keeps a kitchen uniformly comfortable. Three sizes, fully warranted. If not with your dealer, write our nearest agency.

The **Rayo Lamp** is the ideal lamp for family use—safe, convenient, economical and a great light giver. If not with your dealer, write our nearest agency.

The Ocean as A Matchmaker.

[Original.]

There are romances in the ordinary workaday world, but few proportionately to those occurring in fields more propitious. One of the most prolific is the ocean steamer. Sail ships in their day must have been even more so. But even with steam there is something invigorating to sentiment for a couple sitting in cozy corners in steamer chairs or leaning over the rail, looking down into the depths of old ocean.

Tom Roundtree, a citizen of the United States living in Australia, found it impossible to get any woman across either the Atlantic or Pacific ocean to keep house for him. He was a methodical fellow and did everything by plan. Intending to return some day to his native land and being prejudiced against Englishwomen, he did not wish to marry one of them. He wrote his sister in America to come out to him. She consented, but when she landed at Melbourne Tom found her engaged to be married to one of the officers of the ship in which she came over. He then got up a correspondence with one of his old flames, proposed, was accepted, and, as it was inconvenient for him to leave, or, rather, to save his making two trips instead of the girl making one, she consented to go out and be married in Australia. She was poor, and Tom not only sent her money for the trip, but for her trousseau. On the way out she fell in love with an officer of the British army and married him before she left the ship. The money Tom had expended was never returned.

Tom was angry. He swore a great oath that the next girl he got engaged to he would not trust on the ocean, but would go home and marry her.

A third time he tried. He advertised in the matrimonial column of a newspaper in America for a wife. The advertisement caught the eye of a very worthy young woman who was making her own living and pining for a man to make it for her while she took care of his home. The two exchanged references, and, both turning out satisfactory, they exchanged photographs, wrote a number of long letters, then became pledged to each other.

Tom, mindful of his resolution to trust no woman again on the ocean, appointed a time for his going to America for the girl. But when he was ready to sail business affairs that he had not counted on made it simply impossible for him to leave. He cabled funds and directions for the girl to come to him. Then just before the steamer in which he had engaged passage for himself sailed a new complexion came over his business affairs, rendering his absence possible. He had just time to cable his betrothed to remain at home and to catch the steamer himself. Having sent the cablegram, he hurried aboard and soon after found himself on the waters of the Pacific.

Tom was used to active business and, finding time heavy on his hands, made the acquaintance of others of the passengers. He played shuffleboard, whist, dominos. He sat on deck moonlight nights with parties of men and women, chatting, cracking jokes and singing songs. Among the passengers was a Russian family. Tom had always regarded Russians of all the people of the earth the most barbarous, but one night when the moonlight was pouring down on the features of one of the family, a woman of some twenty-eight long Russian winters, he got it into his head that she was not only beautiful, but a saint. From that time he wished he had not to marry some one else when he reached port.

On landing in San Francisco he was approached by a gentleman, who introduced himself as the brother of his betrothed. He told Tom that his cablegram had come an hour after his sister had sailed for Australia. Here was a pretty pickle. Tom had come into port determined to break off the match with her and marry the Russian maiden. This slip rendered such a course a hundredfold more difficult. Indeed, Tom, who was an honorable fellow, felt that he could not bring himself to go back on a girl who had gone all the way to Australia to marry him. He could do nothing but wait till notice was received of the arrival at Melbourne of the ship in which she had sailed.

The agony of the situation was terrible. Every day Tom became more infatuated with his Russian. In love his betrothed gone many thousand miles to marry him, anxious to get back to his business with a wife, he wished that the woman he was bound to might meet with some mishap to relieve him of her.

Then came news of the wrecking of the vessel in which she had sailed. It was reported that every soul on board had been lost. Tom, secretly rejoicing, married his Russian. The ceremony had scarcely been performed when he was handed a cablegram. Casting his eyes at the signature, he found that it was from his betrothed.

He turned white as a sheet and caught at the back of a chair; then he read the dispatch:

Saved. Forgive me. I have married the purser.

Tom fell over into the arms of his wife.

After his own defection on the water Tom Roundtree ceased to blame the women whom he had tried to get to Australia for housekeeping purposes. He says that it is impossible for two persons of opposite sex to cross an ocean together, constantly being thrown in each other's company, without committing matrimony. He advises all persons thus inclined to take an ocean voyage. ANNE STONE SYKES.

MARRIED AT CHADBOURN.

Miss Ruby Rivers Wiggs and Mr. LeRoy Clifton LeGwin Are Wed.

Of much interest to their hosts of friends here and elsewhere was the marriage Tuesday afternoon at 4:30 o'clock in the Baptist Church at Chadbourn, N. C., of Miss Ruby Rivers Wiggs, the attractive young daughter of Capt. and Mrs. J. O. Wiggs, of that place, and Mr. Leroy Clifton LeGwin, of this city, the Rev. F. T. Wooten officiating in the presence of a large assemblage of friends. The decorations were of smilax, plants and flowers, the prevailing colors of the wedding being blue and white.

Miss Hattie Gardner presided at the organ and in addition to the wedding marches played softly and beautifully during the ceremony. Just as the bride entered with her brother, Mr. J. O. Wiggs, of Norfolk, by whom she was given away, Miss Zanie Koonce sang sweetly "O, Promise Me." The maid of honor was Miss Bertha Wiggs, sister of the bride, and the groom's best man was Mr. Harry S. Allen, of Bolton. Master Leslie Wiggs, a nephew of the bride, and Master Rosser LeGwin, brother of the groom, served most gracefully as ribbon children while the ushers were Messrs. Harry Gardner, B. F. King, Jr., T. K. Curtis and W. J. Lacy, all of Wilmington.

The bride was beautiful in a costume of Rajah silk, carrying a shower bouquet of bride's roses and her veil being caught up with orange blossoms. Her ornament was a superb diamond brooch, the gift of the groom. The maid of honor was gowned in blue silk mulle and carried lovely white carnations.

A reception at the home of the bride's parents, Capt. and Mrs. J. O. Wiggs followed the ceremony and Mr. and Mrs. LeGwin were showered with congratulations. They left on the afternoon train for Florence and took the northbound train for a bridal tour to Washington, Baltimore and other points of interest in the North. Returning to the city in about two weeks they will be at home at No. 421 South Fifth street.

Among the out-of-town guests at Chadbourn for the ceremony other than those named were Mr. and Mrs. J. Hardy LeGwin, Mrs. W. R. Middleton, of Wilmington; Mr. and Mrs. J. O. Wiggs, of Norfolk, and Miss Mamie Wolfe, of Raleigh.

MARRIED LAST NIGHT.

Miss Bessie L. Davis Becomes Bride of Mr. D. S. Bender, Jr.

At the home of Mr. J. O. Brown, brother-in-law of the bride, No. 517 South Sixth street, last evening at 9 o'clock a beautiful wedding ceremony performed by the Rev. J. S. Crowley, pastor of Immanuel Presbyterian Church, joined in marriage Miss Bessie L. Davis, the attractive daughter of Mrs. Sallie Davis, of this city, and Mr. D. S. Bender, Jr., of Southport, a large number of friends having witnessed the happy nuptial event. The parlor was beautifully decorated with plants, ferns and flowers and over all was shed a soft light from shaded electrics, adding beauty and splendor to the scene.

Miss Bessie Rhodes was the attractive maid of honor and Mr. O. C. Hill was the groom's best man. Both the bride and her maid of honor were beautifully costumed in white silk and the wedding is pronounced by quite all in attendance as one of the prettiest they ever witnessed. Mr. Bender and bride will leave for a honeymoon which they will spend at Cedar Creek, near Fayetteville, after which they will be at home to friends at Southport. Following the ceremony last night a delightful reception was given at which dainty refreshments were served and a number of beautiful wedding gifts were in evidence.

IN SLUGGING MATCH

(Continued from first page.)

vancing to second; Blackburn hit to centre and Carneal scored; Flynn was up but Blackburn was caught attempting to steal second. Kinston: Sullivan was safe on error of second and scored a moment later, when Ryan cleared the right field fence with a ball high in the air for a home run; Dunn was hit by a pitched ball; C. Fox hit safely and Dunn advanced to third; McCorey up and Blackburn is relieved in the box by Bussey; McCorey flew out to left but Dunn scored on the throw-in; Young forced Fox out at second and Wooten was out, second to first.

Sixth Inning—Flynn hits to right; Hoey sacrifices; Smith out to left and Flynn caught at second. Kinston: Buck out, second to first; Lyon out, third to first; Sullivan out, short to first.

Seventh Inning—Doak out, third to first; Rath out second to first; Edgar flies out to first. Kinston: Ryan fans; Dunn out short to first; C. Fox out, pitcher to first.

Eighth Inning—Carneal fanned; Jayes flew out to short; Bussey fans. Kinston: McCorey out, short to first; Young out, second to first; Wooten fans.

Ninth Inning—Flynn fouled out to catcher; Hoey flew out to centre and Smith fanned. Kinston tied the score in her half of this inning. Buck hit safely after two strikes had been called on him; Sexton batting for Lyon fouls out; Buck steals second; Sullivan hit to short, advancing Buck to third and with one man down Ryan after two strikes have been called on him lifted one over the fence scoring himself and Sullivan; Dunn out, third to first. Score 8 to 8.

Tenth Inning—Sexton goes in the box for Kinston. Doak was out, short to first; Rath out, pitcher to first; Edgar flew out to short. Kinston: Fox hit to pitcher and was safe; McCorey bunts out to first; Young hits to pitcher and two are out on a pretty double play, Bussey to Hoey to Carneal.

Eleventh Inning—Carneal out, second to first; Jayes flew out to left and Bussey struck out. Kinston: Wooten out, pitcher to first; Buck out, short to first; Sexton out, third to first.

Twelfth Inning—Wilmington won the game and ended the agony; Flynn was safe on error; Hoey bunted safely, advancing Flynn to second; Smith sacrifices and Doak, next up, hit to left field, scoring both Flynn and Hoey; Rath up and out, and Edgar out, short to first. Kinston: Sullivan flew out to short; Ryan out on infield hit; Dunn out, second to first, Wilmington winning the game.

Shut Out For Goldsboro.

Wilson, N. C., July 1.—In a one-sided, slow, but errorless game on the part of the Tobacconists, the Goldsboro team bit the dust again today and secured only a basket of eggs for their slow work. Turner, Wilson's left-fielder, is certainly playing in hard luck. In the first part of the game, while running for first base, he became tangled up with the first-baseman, hurting the jaw he received a rap on a few days ago. In the latter part of the game he was struck in the same place by a ball while at the bat. The features were very little, if any, kicking and the visitors' inability to oggle Ogle and hit his delivery. Miller's fine fielding and Mills' superb batting brought forth cheers from the grand stand. Score:

RECEIVER NAMED FOR N. & S.

Judge Waddill Placed The Affairs of Big Virginia Corporation in Safe Hands — Declare Company's Embarrassment Temporary

(By Wire to the Morning Star.)

Norfolk, Va., July 1,—On the petition of the Trust Company of America, joined in by the railroad, the Norfolk & Southern Railway was placed in the hands of receivers today by order of Judge Edmund Waddill, in the Federal Court. The receivers named are Thomas Fitzgerald, Harry K. Walcott and Hugh M. Kerr. George Rublee, of New York and Edward R. Baird, Jr., of Norfolk, are named as counsel for the receivers. Mr. Fitzgerald is designated as general manager for the receivers.

A reorganization committee has also been formed, consisting of Geo. C. Clark, of Clark, Dodge & Co.; Rathbone Gardner, president of the Union Trust Company, Providence; Oakleigh Thorne, president of the Trust Company of America; John I. Waterburg, president of the Manhattan Trust Company, and S. L. Schoonmaker, for the adjustment of the finances of the property.

In the petition for receivers, the petitioners set forth that the road recently bought in the Suffolk & Carolina Railroad, the Pamlico, Oriental & Western Railroad, the Raleigh & Pamlico Sound Railroad and the Atlantic & North Carolina Railroad for which a debt of $15,000,000 was incurred and floated by the Trust Company of America, of New York City, taking first mortgage and refunding bonds. Extensive improvements were also inaugurated. The company officials admit their inability to meet interest, debts, etc.

It is further shown that many of the larger stock and bond holders have contributed heavily during the past eight months in the hope of tiding over the situation and keeping the property out of the hands of receivers, but, in view of the protracted depression, these larger bond holders and stock holders joined in instructing the Trust Company of America to make the application for receivers, believing it the only way to protect all interests and preserve the integrity of the property. There is expressed every confidence that the road can be redeemed and made paying property. The receivers were present and qualified tonight, each giving $100,000 bonds.

The Norfolk & Southern Railway owns and operates 600 miles of trackage, with principal points at Beaufort, N. C., Edenton, N. C., Raleigh, N. C., and Norfolk, Va. They also own the electric line double route of about 20 miles each, from Norfolk to Cape Henry and Virginia Beach.

The officials, receivers and bondholders declare the company's embarrassment temporary and predict a solid reorganization.

SENT TO PENITENTIARY.

The Sentence of a San Francisco Bank and Railroad Man.

(By Wire to the Morning Star.)

San Francisco, July 1.—Walter J. Bartnett, formerly vice president and general counsel of the Western Pacific Railway and vice president and general counsel of the California Safe Deposit and Trust Company, which failed in this city last November for about $9,000,000, was today sentenced to the San Quentin penitentiary for 10 years by Superior Judge Conley.

Bartnett was convicted of having hypothecated bonds and securities to the amount of $205,000 belonging to the estate of Ellen M. Colton, of which he was special administrator. Barnett's counsel immediately took an appeal after sentence was passed.

Bartnett is well known in railroad and financial circles in New York.

STOKLEY'S GREAT SHOOTING

Scores 195 Out of 200 in Last Three Gun Club Trap Events.

Breaking 73 out of 75 targets exposed to his gun at the regular weekly trap shoot yesterday afternoon near Delgado, R. G. Stokley, of the Wilmington Gun Club, has established another high amateur record for crack shooting in the State, making a clean score of 195 out of 200 in the last three club events. Three weeks ago at the regular shoot he broke 49 out of 50 and last week 73-75, duplicating the latter high average again yesterday afternoon. Stokley is shooting in great form and his friends are expecting great things of him here in the Inter-State registered tournament July 14th,, 15th and 16th.

Dreher was next high gun yesterday afternoon with 69 out of 75 while Penny and Littig did good shooting with 90-100 and 86-100, respectively. Dr. Dreher and Stokley each had one run of 25 straights, but no other member of the club came so near perfect.

Other scores yesterday afternoon were as follows: Harriss 37-50, Merriman 37-50, Taylor 78-100, Boushee 61-75, Emple 21-25, ,Boylan 55-75, Murchison & Co., 18-25, Jacobi Hardware Co., 19-25.

WAR CRY FOR FOURTH.

Handsome Number of Official Gazette of the Salvation Army.

This week's number of the War Cry, the official gazette of the Salvation Army in the United States, is a Fourth of July number and is a very attractive one done in National coolrs and replete with interesting reading matter. The cover design represents the two flags set horizontally with one another and intertwined with the halyards in the motto "Our Flags Victorious." In the centre covering two pages is a beautiful colored supplement presenting Revolutionary views of the British and American armies, between the two being a representation of The Master, pronouncing the benediction, "Let There be Peace." The number of the War Cry this week is decidedly creditable to the great body of Christian workers of which it is the mouthpiece.

AQUATIC SPORTS AT LUMINA

Swimming Races Will be Feature of Fourth of July at Beach.

Besides the entries for the yacht races and canoe events for the Fourth of July at Wrightsville Beach there will also be held either in Bank's Channel or on the ocean side a series of swimming races. Already the committee on arrangements has received a number of applications and the outlook is very promising for a spirited event, both in the long distance and short distance races. Very handsome prizes will be given to the winners of the different events. The following are among those who expect to enter: E C. Hinze, H. O'Neil, C. J. LeGrand, A M. McKoy, L. J. Kahn, Fred Poisson, Dave Murchison, William Watson, Burke Bridgers, William Watters, P. L. Cantwell, R. C. Calder, Mark Ferguson, Preston Cumming, A. B. Skelding, Raymond Hunt and H. P. Keane. The Y. M. C. A also contemplates sending a junior team. All applications should be made to H. P. Keane, who may be reached by telephone at No. 1706 or particulars may be had by application to Assistant Secretary R. E. Hatch at the Y. M. C. A.

WED THIS EVENING

Catcher "Bert" Kite of Baseball Team Will Claim a Bride.

Not only his hundreds of friends and admirers on the baseball field, but many warm personal friends which he has made since coming to Wilmington, will felicitate happily Catcher Albert Harvey Kite, of the Wilmington Baseball Club, upon his approaching marriage this evening to Miss Gertrude Barto, of Kutztown, Pa., who will join her affianced here today and a romance of many weeks will end when they will be made man and wife in an impressive ceremony by the Rev. R W. Hogue, rector of St. James' Episcopal Church. Mr. Kite arrived in the city yesterday from Kinston where the team was concluding a series of three games and the bride-elect is expected on this evening's train. The groom is a son of Mr. and Mrs. Albert O. Kite, of Camden, N. J., and the bride is the attractive daughter of Mrs. Mary Barto, of Kutztown, Pa. They will be at home at the residence of Mrs. Clowe, on Princess street.

NEGRO EMBEZZLER

Tried in Justice Furlong's Court Yesterday and Bound Over.

Wesley Mitchell, colored, answered the charge of embezzlement of $37 in Justice Furlong's court yesterday and was sent over to the higher court under bond of $50 which he was unable to give. The money, it is alleged, was embezzled from Mr. William Sheehan, who conducts a grocery on the corner of Market and 12th streets, and the negro remained at large for some time before he was apprehended by the officers.

The negro came in possession of the money when Mr. Sheehan gave it to him to buy some county produce and fish. Mitchell failed to return, was soon suspicioned and his arrest followed. He was sent to jail in default of the required security.

HARBOR MASTER'S REPORT

Twenty Vessels of Ninety Tons and Over Entered The Port.

The monthly report of the Harbor Master shows arrivals of twenty vessels of ninety tons and over during the month of June just ended. Seventeen of these vessels of 16,020 tons net register were American bottoms and three of 3,117 tons net register were foreign craft. The American vessels were 10 steamers, 11,761 tons; one tug, 85 tons; one barge, 2,180 tons, and five schooners, 1,994 tons. The foreign vessels were two steamers, 2,907 tons, and one brig, 210 tons. The report compares very favorably with same date last year.

STOPS ANY ITCHING.

Doan's Ointment Cures Eczema and Itching Piles. Wilmington People Recommend It.

One application of Doan's Ointment stops any itching. Short treatment cures eczema, itching piles, salt rheum —any skin eruption or skin itching. It is the cheapest remedy to use, because so little of it is required to bring relief and a cure. Here is Wilmington testimony to prove it:

H. Cronenberg, Photographer, 119 1-2 Market street, Wilmington, N. C., says: "I suffered a great deal from a rash which appeared on various parts of my body. It itched constantly and I did not dare to rub it as that only made it worse. No one can imagine the suffering I endured. I tried everything that was recommended to me only to be disappointed with the results. When someone told me about Doan's Ointment, I was impressed in its favor and got a box at Robert R. Bellamy's drug store. I immediately began its use and received the first relief that I had had for a long time and during the time which has passed, I have never had a return of the annoyance. I have recommended Doan's Ointment to several others believing it is the best remedy of its kind."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

QUESTION OF CHAIRMANSHIP.

Rumor That Frank B. Kellogg Would be the Man is Denied.

(By Wire to the Morning Star)

Oyster Bay, N. Y., July 1.—There were political developments of considerable significance here today bearing upon the Republican National chairmanship. These seemed to confirm the impression that Frank B. Kellogg is favored by Secretary Taft and possibly by the administration as the man to head the Republican National committee and to manage the coming campaign.

The circumstances surrounding a consultation held here today in which President Roosevelt, Mr. Kellogg and National Committeeman William L. Ward, of New York, participated, gave substance to the report.

But upon the heels of this rumor came a hint that tonight Mr. Kellogg's mission was really on behalf of Frank B. Hitchcock, heretofore most persistently discussed relative to the chairmanship. No statement on the subject was forthcoming from any of the conferees.

Later tonight it became known definitely that Mr. Kellogg not only did not wish the chairmanship, but would refuse to accept it. Whether during today's conference Mr. Kellogg was asked to take this important post was not made known, but that he will not be the National chairman is generally accepted here.

Mr. Kellogg and Mr. Ward were received by the President at 12:14 o'clock at Sagamore Hill and took luncheon with the President.

After luncheon more time was devoted by the President and his visitors to the matter which brought them together. Mr. Kellogg and Mr. Ward left at 3 o'clock.

When Mr. Kellogg was asked after the conference whether he had any news regarding the National chairmanship, he replied that he was full of news on the subject, but that anything on the result of their conference with President Roosevelt would have to come from Secretary Loeb. But the secretary had nothing to say.

Mr. Kellogg said that he expected he would attend the meeting of the sub-committee of the National Republican committee at Hot Springs July 8th.

ASPIRANT FOR VICE PRESIDENCY

Charles A. Towne, of New York, and W. J. Bryan Have Conference.

(By Wire to the Morning Star.)

Lincoln, Neb., July 1.—Charles A. Towne, of New York was a visitor at Fairview this afternoon. Mr. Towne who is an avowed candidate for the Democratic nomination for Vice President, as well as an old-time personal friend of Mr. Bryan, stopped off here for the express purpose of discussing Vice Presidential candidates. Mr. Bryan was expecting him and for half an hour they remained closetted.

At the conclusion of the interview he said that he had been glad to see Mr. Towne. He had nothing further to say.

Mr. Towne admitted to newspaper men that his candidacy as well as the platform had formed the main topics of conversation.

"New York is the logical State to furnish the Vice Presidential nominee," said Mr. Towne.

"What will be done with the anti-injunction plank at Denver?" Mr. Towne was asked.

"It should be a strong one—one that does not hedge. The laboring man will be protected."

"Will provision for the interlocutory decree be made for use in extreme cases? What is Mr. Bryan's position on this phase of the question?"

"That I cannot discuss. I cannot even express my own opinion, for it would borrow color from the fact that I have been talking with Mr. Bryan."

REPUBLICAN CHAIRMAN.

Will be Named by Mr. Taft Next Week in Virginia.

(By Wire to the Morning Star)

Washington, July 1.—After a conference with Arthur I. Vorys of Ohio, lasting two hours and a half this afternoon, Secretary Taft said: "You can say absolutely definitely that the chairmanship of the Republican National Committee has not yet been settled. You can say, also that no announcement of a decision as to the chairmanship will be made until after I have conferred at Hot Springs, Va., next Wednesday with the subcommittee of the National committee. I hope this is sufficiently definite and that my statement will be accepted."

It is understood definitely that Mr. Vorys is not to be named as National chairman.

This was Mr. Taft's first day as a private citizen in many years. His resignation as Secretary of War became effective last midnight and for a period of twelve hours the American Government today was without a Secretary of War.

Mr. Taft appeared at the War Department promptly at 10 o'clock this morning and prior to the formal induction into office of Governor Luke E. Wright, had a long conversation with him and with officials of the War Department about departmental affairs.

Governor Wright took the oath as Secretary of War in the Secretary's reception room just at noon in the presence of many distinguished officials.

BUG DEATH

One of the great growers of seed potatoes in Maine who has made a life study of Irish potatoes, has demonstrated beyond question that it is impossible to apply Paris Green to potato vines in any quantity without weakening the vitality of the tuber. Bug Death will not injure the plant but will stimulate its growth. It will not wash off, it is per ectly harmless to animals and people, and has a wonderful power to prevent blight, rust and those diseases so generally prevalent among melons and vegetables.

IT KILLS THE BUG.

- Charlotte Observer: A Republican club has been organized with 40 members, at H. W. Sherrill's, at Belmont. The name of the club is the "Belmont Rpublican Club." Officers elected are: F. A. Bridges, president; J. A. Williams, secretary, and B. O. Jarrette, treasurer.

—Winston-Salem, N. C., June 30—At a joint meeting tonight of the Norfleet Camp Confederate Veterans and a committee from the Board of Trade, August 19-20 was selected as the time for the State reunion of the old veterans. A central committee was named to take charge of the arrangements for the gathering. Two thousand veterans will be here.

—Thomasville, N. C., June 29.—The annual meeting of the North Carolina Pharmaceutical As ociation will be held at Morehead City next week, July 8th to 11. Mr. Charles R. Thomas, of Thomasville, is president of the Association and has done a great deal during the entire year to make the meeting the most interesting and most largely attended meeting ever held. There will be druggists from all over the State in attendance, besides distinguished druggists from adjoining States.

—News and Observer: The presentation of the silver service, given by the State of North Carolina to the cruiser North Carolina, takes place on board the vessel off Point Lookout on Friday, the third of July. The North Carolina will arrive at Lookout on Thursday, July second, and to give all who desire to do so an opportunity to visit the vessel which will be at Point Lookout July second to sixth, the Norfolk and Southern Railway offers special rates to Beaufort on these days. There will be many visitors to the vessel, and the Norfolk and Southern Railway gives opportunity for an excellen. chance to visit it and the seashore.

—Atlantic Hotel, Morehead City, N. C., June 30.—All things considered, particularly the handicap of the Charlotte convention attended by so many lawyers, the annual meeting of the State Bar Association, beginning tonight, makes a good showing. It was not until ten-thirty o'clock that the exercises began, when ex-Judge Thomas B. Womack, as chairman of the executive committee, called the body to order and introduced Solicitor Charles L. Abernethy, of Beaufort, who made a clever address of welcome, taking occasion to refer to the fact that this association has had great influence in effecting reforms in North Carolina.

—Asheville, N. C., June 30.—Much excitement and gossip was occasioned here today by the report that a "for sale" sign has for several days been prominently displayed on Biltmore, the beautiful estate of George W. Vanderbilt. Mr. Vanderbilt, at a cost of millions of dollars has created one of the greatest estates in America, and it was not believed that if Mr. Vanderbilt wished to sell, he would take such steps as posting in order to find a purchaser. After gossip had conjured up every conceivable reason for its sale, and one after another of the arguments had been dissipated, the announcement came that the "for sale" had been removed. Representatives of the Vanderbilt family in New York say Biltmore is not for sale and cannot explain the incident. They do not deny, however, that Biltmore was posted.

—Asheville, June 30.—Mr. Calvin F. Christopher, a Pennsylvanian by birth and a North Carolinian by preference and adoption, has invented an automatic street railway switch which bids fair to revolutionize the present methods of throwing switches for the passage and repassage of electric cars from one track onto another. The device fits between the track and when the motorman desires to throw a switch he simply places his foot on a push button on the floor of the car near the break or controller. A lever is pushed down and pressing against a steel plate the switch is thrown. One of the switch throwing devices has been tested by the Asheville Electric Company here and it is said works most successfully. Mr. Christopher was granted letters patent by the government patent office June 2nd. He has already been offered $40,000 for the invention. The offer was refused.

—Fayetteville Observer: Alderman R. H. Buckingham, of the 5th ward, and Mr. John Underwood, a member of the Board of Audit and Finance, were tried before Mr. Colin MacRae, justice of the peace, at the court house this morning and recognized in the sum of $100 each for their appearance at the August term of the Superior Court, on a warrant sworn out by Mr. A. Perry, the well known fish dealer, charging a violation of Section 3572 of the Revisal of 1905, which makes it a misdemeanor for a member of the city, county or State government to become an undertaker or enter a contract by virtue of his trust when in any manner interested therein. At today's trial the defendants introduced no evidence, relying on the failure of the prosecution to show that Mr. Buckingham was a stockholder, or in anyway interested in the franchise granted by the Board of Aldermen in June, 1907, for the auditorium and market. The evidence on this point was that he had become a stockholder by May 4, 1908, the burden of showing he was interested in the franchise or profits thereof when it was granted last June, being, of course, on the State. The court not having final jurisdiction, said he would let the Superior Court settle the matter.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, July 1.—The feature of today's cotton market was the government's July report, making the average condition of the crop 81.2 per cent., against 79.7 last month, 72 last year, and 83.3 in 1906. This report was less bearish than expected by quite a margin, but had comparatively little influence on the market which closed steady at a decline of one point on July, but 2 to 8 points net higher on other positions. Sales were estimated at 150,000 bales.

The market opened steady at a decline of 1 to 3 points on the old crop to an advance of 3 points on new crop months which was about in line with the cables. Fluctuations were very narrow and somewhat irregular during the morning and just before the government crop report was issued prices were about 3 to 7 points net lower. Immediately afterward October advanced from 9.27 to 9.42, and January from 9.07 to 9.20 with the general list showing a net gain of about 4 to 12 points. But the market showed the absence of any weak short interest; fresh buying for long account was probably restricted by the approaching holidays, and in the latter trading prices eased off from the best under some renewed pressure from local bears and light receipts. The market will close Thursday night for over the fourth and Sunday. Weather reports during the day were favorable and local traders believe that the condition of the crop has improved somewhat since the government figures were issued, but many are also inclined to argue that July and August are months during which deterioration is frequently noted and that a July condition around the ten year average by no means insures an adequate yield.

Receipts at the ports today 15,306 bales against 9,987 last week and 1,171 last year. For the week 45,000 bales against 43,582 last week and 15,028 last year. Today's receipts at New Orlean 713 bales against 553 last year and at Houston 1,432 bales against 157 last year.

New York, July 1.—Cotton: Spot closed quiet; middling uplands 11.50; gulf 11.75; sales 14,100 bales.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, July 1.—The dry goods market was steady for the day with a tendency toward the quiet side in many directions. Cotton goods and yarns continue firm. Silks are quiet. Ribbons are selling well. Knit goods and hosiery show gropress toward better conditions. Shipments of goods for the day were large and active.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star)

New York, Jul y1.—The new fiscal year opened in the financial district in a condition of profound apathy, so far as was reflected in the securities market. Notwithstanding plethoric conditions of money, the bond and stock markets lay in a lethargy and wholly indifferent to any developments in the news. Money rates are now lower than at any period since the summer of 1904.

The aggregate sales for the day amounted to only 153,600 shares. Railroad reports of net earnings for May reflected the drastic efforts to overcome the losses in gross returns by cutting expenses, the month economies in the Pennsylvania lines directly operated amounting to $2,948,100 with the effect of limiting the net decrease to $773,900. Louisville & Nashville had a $311,159 decrease in net to show after a $480,026 reduction in operating cost. Atlantic Coast Line met its $322,338 gross decrease by a cut of $487,560 in operating cost, thus leaving a balance of increase for the net showing and putting itself into the list with its neighbor, the Southern Railway. The Southern Railway group showed some profit from this exhibit, in spite of the strength developed in the cotton market by the publication of the Government report on that crop.

Bonds were irregular. U. S. Steel sinking 5s were strong. Total sales par value $2,340,000. United States 2s registered advanced 1-2 per cent. on call. Total sales today 153,600 shares.

THE SKIRMISHING BEFORE THE FIGHT

Getting Ready For The Contest For Nomination at The Denver Convention.

VICTORY ON FIRST VOTE

What the Bryan Men Claim—Gray and Johnson Headquarters—These to Contest for the Presidential Nomination Second Place.

(By Wire to The Morning Star.)

Denver, Colo., July 1.—Claiming a victory on the first ballot, but overlooking no possible chance to make their triumph complete, the followers of Mr. Bryan have been watching for any move on the part of his rivals that would compel him to go single handed against the field as Taft was obliged to show his strength in the early stages of the Chicago convention against the combined forces of the "allies."

The arrival today of the personal representatives of Judge Gray and Governor Johnson ,the only candidates who are now expected to enter the race against Bryan, has failed to disclose any common ground of agreement between them.

The Gray managers asserted that they had no intention of entering into a coalition with the followers of Governor Johnson and had not received from them, or made to them, any overtures for a combination. The same disclaimer of a desire to pool issues was made by the Johnson people, after their arrival tonight. They said that they had no other object in view but the nomination of Governor Johnson and intended to make their fight for that purpose only.

This attitude, which the Gray and Johnson people have assumed has led to considerable conjecture as to a Vice Presidential character. The followers of Mr. Bryan profess to believe that the refusals of the Gray and Johnson men to make a combined fight against the strength of Mr. Bryan means that they are not averse to occupying positions in which they can avail themselves of Bryan votes for second place in the event of his nomination for the Presidency. On this point, however, both Mr. Lynch, for Governor Johnson, and Mr. Marvel, for Judge Gray, insist that the Bryan people are utterly in the wrong. Their men, they say, are out for the first place and are giving no consideration to the Vice Presidency.

The chief arrivals today in point of political importance were those of Frederick B. Lynch, Frank D. Day, D. W. Lawler, Mayor of St. Paul, and Richard T. O'Connor, of the same city, all of them enthusiastic supporters of the Minnesota Governor. Mayor Lawler who acted as spokesman, said that all talk of Governor Johnson taking second place on the ticket is utter nonsense. "He will not take it," said Mr. Lawler. "It is out of the question to talk of such a thing. Even if the Governor was himself disposed to accept the Vice Presidential nomination, and I assure you he is not, the people of Minnesota would not permit him to do so. The Democrats of Minnesota and his real friends throughout the country are not willing that Governor Johnson shall be side-tracked into the Vice Presidency. He is too big a man for that place and he belongs in the Presidential chair if he gets to Washington at all."

Mayor Lawler was not prepared to discuss the platform or the Vice Presidential situation. He was, however, emphatic in his statement that he expects Governor Johnson to be nominated.

"I do not believe," he said, "that any nomination will be made on the first ballot. There are many uninstructed delegates, in fact, more than one-third of the convention is unpledged and we do not believe that under such circumstances any nomination will be made immediately. We look for Governor Johnson to make an excellent showing from the first ballot and to steadily gain strength from that time until he is nominated and we do not expect that many ballots will be necessary.

The Johnson headquarters will be formally opened tomorrow at the Albany Hotel and the campaign managers of the Minnesota Governor promise an energetic fight from that time on until a nomination has been made by the convention.

Headquarters of Judge Gray in the Savoy Hotel were in full swing today under the direction of Josiah Marvel, of Wilmington, Del., and R. J. Beamish, of Philadelphia.

No definite time has yet been set for the opening of headquarters for Mr. Bryan which will be at the Brown Palace Hotel. There have been as yet few arrivals of men influential in the Bryan movement, the chief direction of his affairs in Denver having been so far in the hands of James C. Dahlman, Mayor of Omaha.

Discussion of the platform continues to be largely confined to the anti-injunction plank and on this subject the latest information from Lincoln regarding Mr. Bryan's attitude toward that portion of the resolution was brought by Frank S. Monett, former Attorney General of Ohio, who arrived in Denver today with the announcement that Mr. Bryan desired to address the resolutions committee on the legal phases of an anti-injunction plank. Mr. Monett personally is in favor of a strong utterance upon the subject. He conferred with Mr. Bryan at Lincoln yesterday.

Samuel Alschuler, who is the probable member of the committee on resolutions from Illinois, declared today that he did not believe that the anti-injunction plank to be adopted at the convention would be of such character that any controversy would be provoked by it. "There has been talk of a 'radical' plank in the platform," said Mr. Alschuler, "and all sorts of meanings have been grouped under that word. It all depends upon what is meant by the word 'radical.' I think it is entirely safe to say, although I am now giving my personal opinion only, that any assumption that the anti-injunction plank will be an attack upon the courts is incorrect."

When asked about the Vice Presidential situation Mr. Alschuler declared that in his opinion the great desirable attribute for any candidate was that he should be from Illinois. If, however, that State did not present any name to the convention he was utterly at a loss to predict at this time who the Illinois delegation will favor. The State, he said, would stand for Bryan to the finish and there would be no break in its vote at any time.

SEARCH FOR NORTH POLE

Commander Peary About to Start on Another Search—His Vessel, the Roosevelt, Sails From New York Today—Success.

(By Wire to The Morning Star)

Washington, July 1.—Commander Robert E. Peary, the Arctic explorer, will make another attempt to find the North Pole. The staunch steamer Roosevelt, built for him by the Peary Arctic Club, which carried him and his little party to the far north on the latest expedition, will cast off from her moorings at the foot of East 24th street, on Monday and begin her northward voyage.

Commander Peary will not leave New York with his ship, but will see her safely started and, after remaining a few days here perfecting his final arrangements, will go by rail to join his party at Sydney, Cape Breton, where the Roosevelt will stop to coal. All but $5,000 of the $50,000 required to finance the trip has been obtained, and Commander Peary is hopeful of raising this amount before he leaves the city.

During the day supplies were taken aboard and stowed away in the steamer's hold. The Roosevelt has been thoroughly overhauled and a picked crew of hardy New Foundlanders, with Captain Robert A. Bartlett of Brigus, New Foundland, as sailing master, are awaiting the signal to start. A collier will accompany the Roosevelt as far north as Etah, where Peary's coal depot was situated during the previous expedition.

Peary's plan for this expedition, aside from his expectation of placing the Stars and Stripes at the North Pole, include re-searches into the north coasts of Grantland and Greenland. He will follow practically the same route as he did on his previous trips, but his tactics will be different and he will utilize the "dift method" so that the moving ice will not carry him beyond the line of his goal. He has planned carefully to overcome many of the obstacles which were encountered in former expeditions, especially the "big lead" or open water, which nearly caused his death and that of his little band on their return from the "furthermost north."

Eskimos and dogs will be taken on board in the While Sound region, as before, and Commander Peary will endeavor to force the Roosevelt to the same or similar winter quarters on the North side of Grantland as in the winter of 1905-1906.

UNSATISFACTORY YEAR

For Government Finances—Heavy Deficit for July Expected.

(By Wire to The Morning Star.)

Washington, July 1.—From the Treasury standpoint, the fiscal year just closed has been a most unsatisfactory one. Since about the middle of October last when the period of money stringency set in and the consequent depression in business began to be felt, there has been a constant falling off in Government revenues up to the month just closed. For June a surplus is shown of nearly $4,000,000. This fact, however, is not significant, as June is unfailingly a surplus month. Nearly all appropriations become available on the first of July and this year treasury officials are looking forward to a deficit larger than usual. The amount of cash now in the treasury vaults and available to meet expenditures is about $70,000,000. In addition to this, there is on deposit with national banks about $153,844,000. A considerable portion of this sum is likely to be called into the treasury within the next very few days, and it is thought the amount will not be less than $50,000,000.

ESCAPED FROM SHIP

American Fugitive Took Grave Chances in Small Boat.

(By Wire to the Morning Star)

Purto Cortez, Honduras, July 1.—Francis G. Bailey, the president of the Expert Shipping Company, of New Jersey, who together with his brother Albert W. Bailey, and Charles H. H. Myers and Captain Albert Oxley, was placed aboard the Norwegian steamer Utstein yesterday in the custody of Lieutenant P. W. Berry of the New York police department, made his escape in a small boat from the steamer last night. The boat was found on the beach this morning.

To be Fittingly Memorialized by Democratic Convention—Congress to be Asked to Erect a Suitable Monument to His Memory.

(By Wire to the Morning Star.)

New York, July 1.—Ex-Judge Alton B. Parker, William F. Sheehan and other delegates from New York left this afternoon for Denver to attend the National Democratic convention.

On the day of ex-President Cleveland's funeral an informal conference of leading men from many States was held at which it was agreed that upon the completion of the address of the temporary chairman of the convention, a series of declarations commemorative of the ex-President's relations with his party and the country should be introduced. As a result of this agreement Judge Parker will present the following resolutions:

"Be it esolved that, Before entering formally upon the special and important work for which this national convention of the Democratic party of the United States has been called, we take the earliest opportunity solemnly to express our grief over the death of Grover Cleveland. We record our profound appreciation of his lofty character, his commanding ability and his unfailing wisdom. We indulge a just pride that his patriotic and useful services, rendered to his country in the time of need, were made possible as the representative and the chosen candidate of the Democratic party for President in three of its national conventions. We mourn his loss the more because his great gifts of mind and heart, so cheerfully and so effectively devoted to its service over a period of fifty two years, are no longer to be at the command of his party and his country."

The resolution goes on to express the keen sense of loss felt at Mr. Cleveland's death "without reference to political opinion" and commends his "faithfulness at all times and under all circumstances" to the settled traditions and policies of the Democratic party; that he upheld with all the force of his mind and the power of his office the rights of the State and of local government; that he respected the integrity of our courts and insisted on the strict enforcement of the law; that on the one hand "he consistently pressed upon his countrymen the necessity for a revision of our tariff laws which should strip away every vestige of favor, remove every excuse or reason for monopoly and destroy every harbor in which privilege is wont to find shelter, while on the other hand he enforced that economy in expenditure which he believed would eliminate the corruption entailed from an era of extortion and extravagance against which his whole career was a protest. He maintained the public credit and honor, stood firm as a rock in defense of sound principles of finance and resisted the dangerous economic doctrines and practices left by the Republican party as a heritage to our people. He took the Monroe Doctrine out of the realm of dreams and made it a thing of life and power which commands universal respect.

"He so insisted that official responsibility was his bounded duty and the inalienable right of our people that his motto 'Public office is a public trust' was the ruling principle of his life and fitting epitaph for his monument. He preserved simplicity of living and character in a time when ostentation, both public and private, not only seemed to be a necessity but had been raised to the rank of a virtue.

"We further request the Democratic members of the Senate and the House of Representatives to take steps to insure the erection in Washington at the earliest day possible of an adequate national monument to commemorate the services of Grover Cleveland.

"It is still further resolved that in respect for the memory of the great man and Democrat, this convention shall immediately stand adjourned until 10 o'clock on Wednesday, July 8th, 1908."

A large number of Tammany men were at the Grand Central depot today when the Denver delegates started.

The Tammany members of the delegation had a special car attached to the Twentieth Century limited. Chas. F. Murphy, Lewis Nixon and Martin W Littleton were in this car.

Patrick H McCarren whose delegates to the State convention were unseated, was on the same train. He will contest the seats of the Brooklyn delegates to Denver elected by the State convention.

D. Collazo, a delegate from Porto Rico, was also on the train. He said he would support Bryan. The main Tammany delegation will leave Friday.

Bishop Henry Godman Potter, of the Protestant Episcopal diocese of New York, was last night near death's door. The bulletins issued by his physicians during the day related in brief the aged divine's steadily decreasing vitality. In no case did the doctors hold out hope of a favorable termination of the Bishop's illness and in their last statement for the night they indicated that the end was slowly and gradually, but to all appearances, surely approaching.

It Reached the Spot.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike County, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at R. R. Bellamy's drug store. 50c. and $1.00.
